VISION

To be a premier institution in the country for integrative educational innovation and an inter-professional health care development that utilizes advanced technology, state of the art facilities and infrastructure, outstanding and dedicated faculty for professional growth of the students to enable them to live as educated, empowered, honorable doctors and members of the society to serve the community.

MISSION

To realize the vision by educating and training highly competent, diverse groups of clinical practitioners and professionals in dentistry and medicine who have the ability to provide complex, integrative and high quality care to the society.

To provide the students the best infrastructural facilities to enable them to face challenges in their career.

To produce graduates who are ethical, caring, lifelong learners, who will provide quality service for a healthy nation.

To contribute professionally competent general and specialty workforce to meet regional, national and global health care needs.

INTRODUCTION

A.J. Institute of Dental Sciences, an educational institution par excellence, takes pride in welcoming you to an overview of our college.

A.J Institute of Dental Sciences was established with a dream - A vision to play a worthy role in contributing to our national objective of 'Health for All'. Such a noble goal can be achieved with the help of committed individuals who are equipped with a high degree of professional skills along with a strong sense of social commitment. It is our hope to nurture such individuals in our institution. Hence the programmes and course curriculum of our institute are designed in such a way so as to empower the students to be successful both as professionals and as guardians of the community.

This prospectus is meant to give an introduction to our institution. It will also guide you through the admission procedure. You are advised to read this manual carefully and ensure your full compliance with all the requirements stipulated herein to facilitate smooth admission to the institution.

ABOUT OUR PARENT BODY

Laxmi Memorial Education Trust

The promoting body of all the Medical, Dental, Para-Medical, Hospitality and Management institutions is Laxmi Memorial Education Trust (R.). The Trust was established in 1991 by the well known industrialist and philanthropist Mr A. J. Shetty in memory of his beloved mother, Late. Smt. Laxmi Shetty.

The Trust under the leadership of Mr. A.J. Shetty has been successful in establishing a multi-campus network of educational institutions, all of which enjoy a high reputation, well known for their academic excellence, discipline and conducive academic environment. The various institutions managed by the Trust form a well-knit and well co-ordinated support structure to create a comprehensive healthcare and health management system.

Laxmi Memorial Education Trust is accorded the recognition of Linguistic Minority Trust by the Government of Karnataka.

ABOUT OUR COLLEGE

"The health of the people, considered the blessings of the rich and the riches of the poor, is the foundation that supports the edifice of happiness and prosperity of a nation."

A.J. Institute of Dental Sciences a premier educational organization, is the brainchild of Mr. A. J. Shetty. It aims to provide a global perspective of dental education to achieve the national objective of 'Health for All'. The institution nurtures a vision to establish itself as a premier institute imparting Dental education that effectively combines high academic exposure, professional outlook and commitment to humanitarian values.

An earnest effort to achieve this noble vision began with the first batch of dental students enrolled in the year 2002. AJIDS shatters all barriers of caste, religion, culture and endeavours to provide quality education to all aspiring students. Its enduring efforts have put Mangalore on the global map of dental education.

The College is recognized by Dental Council of India and Ministry of Health for hundred admissions in a year for BDS and in nine different specialties for post graduate dental education and in four specialties in Post graduate Diploma course. The institution is affiliated to Rajiv Gandhi University of Health Sciences since inception.

FOUNDER

*"Leadership is the capacity to
translate vision into reality"*

- Warren Bennis

Life experience has shown that, few people are born to fulfill their mission and leave behind legacies and immortalize their names on the sands of time.

One among them is our President, Shri A.J. Shetty, who has made unbelievable contributions in the field of education and business. Through his unparalleled leadership qualities and humanitarian work, he has created a niche for himself.

The road to success from a barren hillock to an educational hub was not an easy task. He is a true personification of humanity, vision, charity, commitment to the society and to the people. The most significant of his contributions has been to provide free medical and dental treatment and showcase the world that the small coastal town could make a mark for itself.

He has many awards to his credit like the "Arch of Excellence Award 94", "Gem of India Award 94", "National Corporate Excellence Award 95", "Dakshina Kannada District Rajyotsava Award 2011" and the "Vandana Award" by Rotary Club of Mangalore.

He is also the managing trustee of Kadri Shree Manjunatheshwara Temple and Chairman of the renovation committee of famous Shree Mangala Devi Temple.

Shri A.J. Shetty's commitment towards his vision and excellence has played a decisive role, in transforming all the educational institutions into premier institutes of the country.

Sri A. J. Shetty
A Visionary

President's Message

Dear Students,

It is with great sense of joy and pride that I extend to you my hearty welcome to our institution. A. J. Institute of Dental Sciences, as you might be aware, is an ambitious endeavor of the Laxmi Memorial Education Trust (R), a premier educational organization promoted and supported by the reputed A. J. Group of Companies. Already, the various institutions and industries managed by the A. J. Group have carved a niche for themselves in their respective fields and the A. J. Institute of Dental Sciences signify the culmination of the Trust's decade long impeccable track record in relentless service to the cause of education.

Excellence is the hallmark of the A. J. Group and since inception it has been our endeavor to see that every institution promoted by us shall be of top class standards. Needless to mention, the same commitment is very much evident at A. J. Institute of Dental Sciences too and I can assure you that the institute shall be second to none in the field of dental education in the entire country. World class facilities, a very conducive academic environment and the best of faculty shall combine to ensure that you shall receive education of only the highest standards.

In this regard, I would especially like to draw your attention to our teaching hospital, the A. J. Hospital and Research Centre, which within a short span of time has emerged as the jewel in our crown, having established itself as a pre-eminent super specialty tertiary care centre with NABH accreditation. Certainly, a dentist graduating from our institution will not fall short of any expectations in terms of knowledge, skill and capabilities while dedicating himself or herself to the service of society.

In conclusion, I would once more like to assert that you will definitely feel a sense of pride to be a student of this institution and on our part, I would like to reiterate my assurance of striving hard and sparing no efforts to make this seat of learning, one of the top dental colleges in the country. I wish you a fruitful tenure of academic study in our institution and a successful career then onwards as a qualified dental professional.

With my warm regards and best wishes to all of you,

Sri A. J. Shetty

Principal's Message

"The noblest search is the search for excellence "

-Lyndon B. Johnson

Dear Students,

As head of this prestigious institution, I take great pride in welcoming you to this temple of learning. I have no qualm in assuring you that your search for excellence in dental education ends here at A. J. INSTITUTE OF DENTAL Sciences, Mangalore, one of the premier institutes of this country. Our institution has taken great strides since its inception in 2002, growing from a mere 40 undergraduate admissions to 100 undergraduate and 51 post graduate admissions now. The remarkable success of the college has been made possible through the dedication and talent of our faculty and staff, the high quality of our students, and the achievements of our alumni in diverse organizations and positions of leadership throughout the country.

With state of the art infrastructure and highly experienced, committed teaching staff, the mandate of the college is to train professionals of high moral caliber and clinical skills of internationally acceptable standards, who are able to work at the public and private sector health facilities, to become the compassionate, highly skilled health-care providers of tomorrow.

The college being centrally located in the city and having easy accessibility, the patient inflow is good and there is no dearth of clinical material. This in addition to state of the art clinical care facilities ensures that every student has an opportunity to hone his skills and emerge as a world class clinician.

We are steadfast in our commitment to excellence not only in academics but also in sports and cultural activities. The sprawling 32 acre campus provides ample opportunity to every student to indulge in his area of interest and develop his skills to the maximum.

Today, we continue to attract a great diversity of students who have drive, confidence, a strong record of achievement and a burning desire to advance the progress of society.

We are on the path of greatness through service. We appreciate your interest and welcome your involvement. I and my faculty look forward in playing our part in building your successful future.

My Sincere best wishes to all

Dr Y. Bharath Shetty

MANGALORE

A COASTAL PARADISE

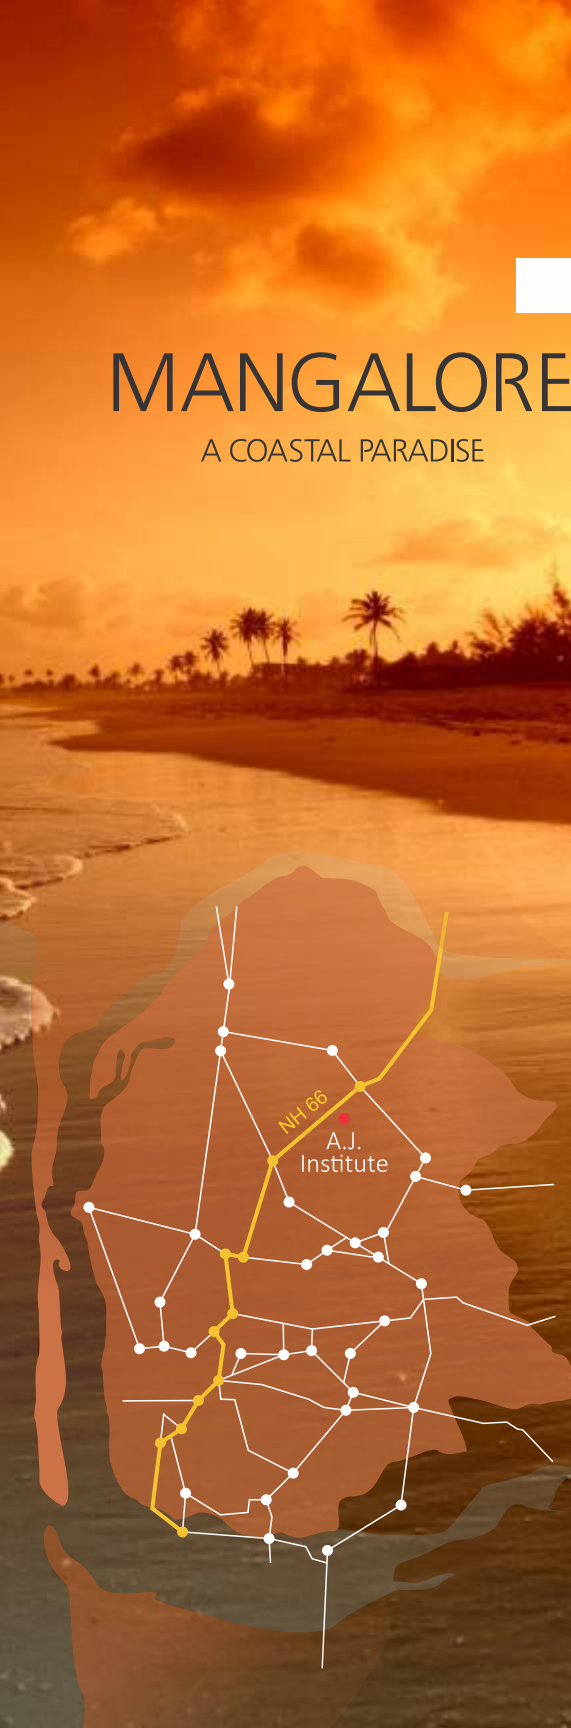

The institute is based at Mangalore, which is a beautiful coastal city located in the Southern Indian State of Karnataka bound by the Arabian Sea and the Western Ghat mountain ranges and is the administrative headquarters of Dakshina Kannada. Mangalore is an endearing abode of picturesque beaches and lush greenery of the scenic countryside. It is also steeped in rich cultural heritage and is characterized by a harmonious co-existence of different religions and cultures. Mangalore though small in size still contributes to a lot of business activity and is the birth place of several nationalized banks. Apart from being one of the busiest port cities, it is a major centre for the export of tiles, coffee and cashew.

Educational hub

Mangalore city very aptly termed as the "Temple of Learning" or 'Mecca of Education' has earned a very prominent place on the world map with a host of important educational institutions. Quality professional education offered by two districts of Dakshina Kannada and Udupi has attracted multitudes of students from all over the country and even from abroad.

Connectivity

Mangalore is well connected to the neighbouring states through an excellent network of road, rail and air transport. The local transport system is efficient and well-developed and can be relied upon for convenient conveyance.

COURSES

OFFERED & DURATION

BDS PROGRAMME

The BDS programme comprises of four academic years and one year of internship, leading to the award of Bachelor of Dental Surgery (BDS) degree on successful completion.

While BDS degree is the basic qualification required to legally register oneself as a dental practitioner, the students can also choose to pursue post graduate studies in the dental specialization of one's choice.

UNIVERSITY AFFILIATION

- The institute is affiliated to Rajiv Gandhi University of Health Sciences, Karnataka, Bangalore and is recognized by the Dental Council of India, New Delhi. The course curriculum, teaching methodology, examination and facilities are as per the stipulations of the respective mandatory bodies.
- As per prevalent statutes, the BDS degree awarded by the RGUHS, Bangalore is recognized all over India, SAARC and the commonwealth countries as also in most of the developed countries of the world.

REGULATIONS FOR BDS COURSE

- In case of admission on the basis of qualifying examination based on merit, candidate for admission must have passed in the subjects of Physics, Chemistry, Biology and English individually and must have obtained a minimum of 50% marks taken together in Physics, Chemistry and Biology in Pre University examinations or 10+2 examinations recognized as equivalent by the Rajiv Gandhi University Health Sciences, Karnataka.
- In case of admission on the basis of competitive entrance examination, the student must be in the merit list of such examination by securing not less than 50% marks in Physics, Chemistry and Biology taken together.
- For candidates belonging to Scheduled Castes, Scheduled Tribes or Other Backward Classes notified by the Government, the marks obtained in Physics, Chemistry and Biology taken together in qualifying examination and competitive entrance examination must be 40% instead of 50% as stated above.

AGE REQUIREMENT

- The candidate shall have completed the age of 17 years at the time of admission or will complete this age on 31st December of the year in which he/she seeks admission.

ADMISSION PROCESS

Application:

- ✦ Applications for admission to the course must be made only in the prescribed form provided by the management/association of professional colleges.
- ✦ Applicants are requested to read the prospectus carefully before filling up the application. Application is a key part of the admission process. Complete and accurate answers to the points are therefore extremely essential. Incomplete or false information will adversely affect the chances of selection.
- ✦ Filled-in-application forms along with all the attachments and enclosures specified therein should reach the following address on or before the last date as notified from time to time.

The Admission Officer

Laxmi Memorial Education Trust
A.J. Hospital Campus,
Kuntikana Mangalore -575004 Karnataka, India

General Human Anatomy including Embryology and Histology.
General Human Physiology and Biochemistry, Nutrition and Dietics.
Dental Anatomy, Embryology and Oral Histology.
Dental Materials.
Preclinical Prosthodontics and Crown & Bridge.

Second Year BDS

General Pathology and Microbiology.
General and Dental Pharmacology and Therapeutics.
Dental Materials.
Preclinical Conservative Dentistry.
Preclinical Prosthodontics and Crown & Bridge.
Oral Pathology & Oral Microbiology.

Third Year BDS

General Medicine.
General Surgery.
Oral Medicine & Radiology
Oral & Maxillofacial Surgery
Periodontology
Prosthodontics and Crown & Bridge
Orthodontics and Dentofacial Orthopedics
Conservative Dentistry & Endodontics
Paediatric and Preventive Dentistry
Oral Pathology & Oral Microbiology
Public Health Dentistry

Fourth Year BDS

Oral Medicine & Radiology
Oral & Maxillofacial Surgery
Periodontology
Prosthodontics and Crown & Bridge
Orthodontics and Dentofacial Orthopedics
Conservative Dentistry & Endodontics
Paediatric and Preventive Dentistry
Oral Pathology & Oral Microbiology
Public Health Dentistry

POST GRADUATE COURSES

MASTER OF DENTAL SURGERY(MDS)

The Institute offers MDS course in all nine specialities.
MDS course is for a duration of 3 years.

SL No.	COURSE	SPECIALITY	ADMISSION INTAKE
1	MDS	Conservative Dentistry & Endodontics	6 Seats
2	MDS	Prosthodontics & Crown & Bridge	6 Seats
3	MDS	Pedodontics & Preventive Dentistry	6 Seats
4	MDS	Periodontology	6 Seats
5	MDS	Orthodontics & Dentofacial Orthopedics	6 Seats
6	MDS	Oral & Maxillofacial Surgery	6 Seats
7	MDS	Oral Medicine & Radiology	6 Seats
8	MDS	Oral Pathology & Microbiology	6 Seats
9	MDS	Public Health Dentistry	3 Seats

POST GRADUATE DIPLOMA COURSE:

The Institute offers Post Graduate Diploma Course
in four specialities which is for a duration of 2 years.

SL No.	COURSE	SPECIALITY	ADMISSION INTAKE
1	PG Diploma	Conservative Dentistry & Endodontics	1 Seat
2	PG Diploma	Prosthodontics & Crown & Bridge	1 Seat
3	PG Diploma	Pedodontics & Preventive Dentistry	1 Seat
4	PG Diploma	Orthodontics & Dentofacial Orthopedics	1 Seat

Eligibility Criteria for MDS:

- BDS Degree from any institution which is recognized by the Dental Council of India.
- Students from Abroad and Outside Karnataka have to obtain Eligibility certificate from RGUHS and submit at the time of admission.

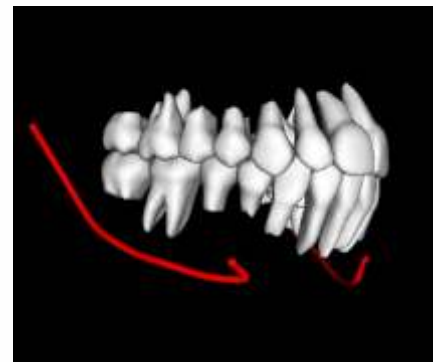

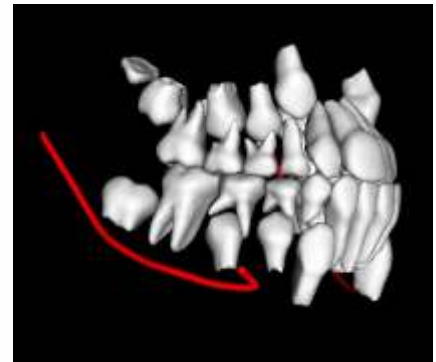

Original documents to be submitted at the time of Interview/Admission along with three sets of attested copies:

- SSLC pass certificate or any other document mentioning the date of birth.
- Marks card of Ist to IVth B.D.S course.
- State Dental Council Registration Certificate and Provisional or Permanent Degree (Convocation certificate).

- Certificate of conduct/character from the Head of the Institution last attended.
- Colour photographs: Passport size – 6 copies; stamp size – 6 copies and in case of NRI candidates, passport size -8 copies and stamp size – 8 copies (in addition to the one affixed on the application form)

OTHER COURSES

CONE BEAM COMPUTED TOMOGRAPHY

The CBCT systems used by dental professionals rotate around the patient, capturing data using a cone-shaped X-ray beam. These data are used to reconstruct a three-dimensional (3D) image of the following regions of the patient's anatomy: dental; oral and maxillofacial region; and ears, nose, and throat.

A.J. Institute of Dental sciences has installed a state of the art 3D imaging system –CBCT New Tom Vgi Evo, thereby earning the distinction of being the first institute in South East Asia to acquire this Latest Technology.

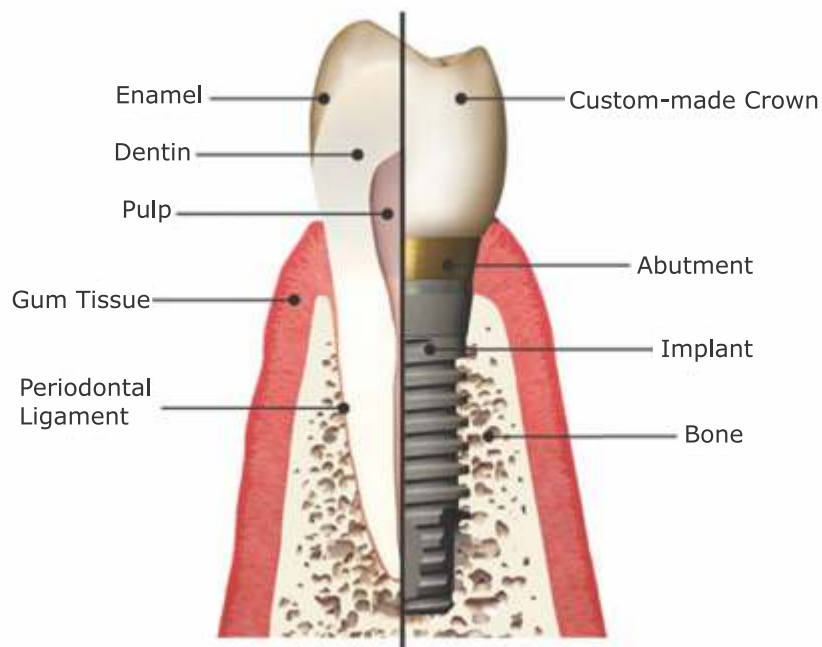

In the maxillofacial radiological investigations CBCT is the gold standard in the present era. In comparison to Multi Slice CT, this has the advantage of reduced radiation exposure, which is a major beneficial factor. The diagnosis of various disorders, the extent of the lesions can be accurately visualized, which helps in optimum Patient Management.

Various educative programmes concerning CBCT are designed and carried out by the experts in the field at our institution.

IMPLANT COURSE

A Dental Implant is a surgical component which is a replacement for the root or roots of a tooth. Dental implants are secured in the jawbone and are not visible once surgically placed. They are used to secure crowns, bridgework or dentures by a variety of means. They are made of titanium which are the most widely used metals in both dental and other bone implants.

This Certificate course is a judicious mix of theoretical and practical knowledge in Implantology. The programme is open for all dental graduates and provides the busy dental practitioners with an avenue to acquire further clinical skills and knowledge in this field. It is presented in three modules comprising of didactic lectures by prominent specialists blended with live surgeries, video demonstrations and hands-on training with implant placement. This course is conducted by the Department of Implantology which comprises of Specialist from the Departments of Prosthodontics, Periodontics and Oral Surgery.

RULES & REGULATIONS

A. J. Institute of Dental Sciences is synonymous with excellence in education. Every effort is made to build the personality of the student with respect to their confidence, social responsibility, communication skills and professional etiquettes.

DISCIPLINE

- ★ Students are required to maintain very high standards of discipline. All acts of indiscipline by the students will be dealt severely through administrative means.
- ★ Students are expected to be well mannered in their interaction with staff members, patients, non teaching staff and other students.

RAGGING

- ★ The practice of ragging is illegal and is strictly prohibited.
- ★ The college has a strict Anti-Ragging Policy and there is an Anti-Ragging Cell to prevent any form of Ragging.
- ★ Offenders are liable to be prosecuted as per law.
- ★ The institution gives 15 days holidays to the seniors, during the admission of the first year students.

ATTENDANCE

- ★ 75% in Theory and 75% in Practicals/Clinicals in each subject in each year.
- ★ In case of subject in which the instructional programme extends through more than one academic year and hence there is no University Examination in the subject (i.e. non- exam going subjects), the attendance requirement shall not be less than 70% in Theory and Practicals/Clinicals. However, at the time of appearing for the professional examination in the subject the candidate should satisfy the condition above.
- ★ Kindly note that leave on medical grounds does not have any consideration.
- ★ Inability to meet the minimum prescribed attendance norms of the university will render the student ineligible from appearing for exams.
- ★ Attendance of all the students are sent on regular basis to the parents through Short Message Service (SMS).

Students are required to dress decently as per accepted social practice.

Boys: Should be dressed in Trousers, Tucked Shirts, leather shoes, trimmed hair and clean shaven.

Girls: Should be dressed in Churidars or Saris with combed and pinned hair.

Neat aprons with identity cards shall be worn in the college and hospital premises. Nails are to be trimmed and not to be painted. Cell Phones should not be used inside the class rooms and clinical area.

Students are required to obtain Hepatitis B Vaccination before they start their Clinical Training.

- ★ The students should behave in a professional manner with the patients.
- ★ The patients should be treated with compassion.
- ★ Local language should be learnt for better communication with the patient.
- ★ No translators will be allowed for the Doctor patient communication.
- ★ The students should learn and follow all the sterilization procedures.

OUR FACULTY

Principal, Vice Principal with Heads of Departments

Department of **Oral Medicine & Radiology**

The department of Oral Medicine and Radiology deals with the diagnosis, maxillofacial imaging and management of Oro-facial diseases. This is the first department where every new patient visits and hence plays a pivotal role in patient management and disease diagnosis.

Department of **Oral & Maxillofacial Surgery**

The department of Oral & Maxillofacial Surgery is a surgical speciality which involves diagnosis, surgery and adjunctive treatment of diseases, injuries and defects involving both hard and soft tissues of oral and facial structures.

Department of **Periodontology**

The department of periodontology deals with the health and diseases of the supporting structures of the teeth and oral mucous membrane. It involves diagnosing and treating periodontal diseases using advanced technology and also performing various cosmetic periodontal procedures.

Department of Prosthodontics and Crown & Bridge

The department of Prosthodontics and Crown & Bridge deals with the replacement of missing teeth and contiguous maxillofacial tissues with artificial substitutes to restore esthetics and function. This includes fabrication of complete and removable partial dentures, crowns, fixed dental prosthesis, laminate/veneers, inlays, post endodontic restorations, maxillofacial prosthesis and implants.

Department of Orthodontics & Dentofacial Orthopaedics

The department of Orthodontics & Dentofacial Orthopaedics deals with prevention and treatment of oral anomalies and malocclusion and harmonizing of the structures involved, so that the dental mechanisms will function in a normal way. Orthodontic treatment not only focuses on dental displacement, but also on the control and modification of facial growth.

Department of Conservative Dentistry & Endodontics

The department of Conservative Dentistry & Endodontics deals with prevention and treatment of the diseases and injuries of the hard tissues and the pulp of the tooth and associated periapical lesions. The treatment modalities rendered in the department include restorative procedures for carious teeth, root canal treatment and other defects of the teeth like fracture, erosion, abrasion, esthetic dentistry like diastema closure, Veneers, Smile design, Tooth whitening etc.

Department of **Paediatric & Preventive Dentistry**

The department of Paediatric & Preventive Dentistry deals with prevention and treatment of oral and dental ailments that may occur during childhood. This includes Restorations, Pulp Therapies, Preventive and Interceptive Orthodontics.

Department of **Oral Pathology & Oral Microbiology**

The department of Oral Pathology & oral Microbiology speciality aims at acquiring adequate knowledge and the necessary skills to carry out investigative procedures and the ability to interpret laboratory findings, which will aid the dental practitioners in the prevention, diagnosis and treatment of anomalies and diseases of the oral and maxillofacial region.

Department of **Public Health Dentistry**

The department of Public Health Dentistry is a specialty which provides expertise in population based dentistry, oral health surveillance, policy development, community based disease prevention and health promotion. The department emphasizes on population based approach to professional practice, which is different from an approach required for individual patient care.

ACHIEVEMENTS

“The starting point of all achievements is **desire.**”

The International College of Dentists (ICD) is the honorary organization of the world's outstanding dentists. The ICD Section-VI which comprises of India, Srilanka and Nepal Section has instituted the Dr D.N. Kapoor Award for the most deserving dental institution for the various social activities carried out by it in the last one year. A J Institute of Dental Sciences has been awarded the Dr D. N. Kapoor Award for two years consecutively in 2013 and 2014 for the best Community Dentistry Project in the country.

A.J. Institute of Dental Sciences was presented with a certificate of appreciation by “Centre for Dental Education and Research” – All India Institute of Medical Sciences, New Delhi, which is a WHO collaborating centre for Oral Health Promotion. It was awarded for running a successful campaign on Oral Cancer Prevention and Screening during “National Oral Cancer Awareness Fortnight” from 7th to 22nd November 2014.

Rajiv Gandhi University of Health Sciences accords recognition to meritorious students for their excellence at the end of the B.D.S course.

Kudos to our students, whose imprints have been etched in the path of excellence.

CAMPUS FACILITIES

The comprehensive campus is a well-planned educational township comprising the A.J. Hospital and Research Centre, our teaching hospital, the academic, administrative, hostel blocks and staff quarters spread over 32 acres.

The campus is a self sufficient unit catering to all the routine needs of staff and students. Situated on a sloping terrain, it is aesthetically designed with elegant buildings, complemented by wide open spaces, broad roads and abundant greenery with a view to create a pleasing and inspiring ambience for the students. It is home to over 2000 students and staff. The campus has the facility of a Hospital, Pharmacy, Bank, Play Ground and Cafeteria.

ABOUT THE HOSPITAL

- The medical hospital provides comprehensive, innovative, state of the art health care to the people.
- It has the city's finest Operation Theatre.
- It provides excellent service in multi disciplinary ICU, Ambulance services, emergency care, laboratory services and blood bank.

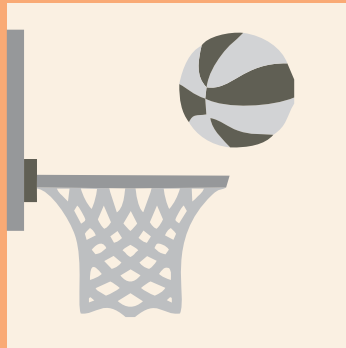

LIBRARY AND INFORMATION CENTRE

- Library is not just a repository but a place for study which contributes directly to the institution's academic mission and equips students with the skills and knowledge they need to achieve success academically.
- The college library has an area of 21,000 square feet with an exclusive collection of over 6000 books covering all the basic medical subjects and the dental subjects. The library subscribes 34 national and 43 international journals in print.
- The e-library has access to 'HELINET' conceived by Rajiv Gandhi University of Health Sciences, which is a Consortium of scholarly international e-journals, e-books and databases to meet the academic needs of the staff and students.
- The library is computerized and has a software called "Easylib" which provides online access to catalogue information, databases and journal information.
- The centre has an internet facility through an exclusive leased line for the benefit of students.

BANK

The banking needs of all the students and staff are taken care by Canara Bank, which has a fully fledged branch within the campus with ATM facility.

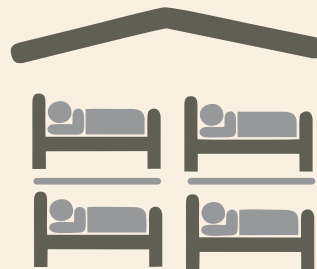

SPORTS FACILITIES

The Institute gives prime importance to the physical fitness of the students. To address this need, the institution has facilities for sports activities like Cricket, Volley ball, Foot ball, Badminton, Shuttle badminton, Chess and Table tennis. It also has a tennis and a basketball court. There is a fully equipped gymnasium. The college conducts inter-collegiate sports activities and also participates in State and National level competitions.

HOSTEL FACILITIES

- There are separate hostels for Post Graduate boys and girls and for Under Graduate boys and girls within the campus of A. J. Institute of Dental Sciences, under the care of a resident warden.
- Spacious rooms with attached bath rooms are available in the hostels. There is an exclusive study room that the students can avail.

CONVEYANCE

The institute owns a fleet of well maintained buses for the personal transport of staff and students. Moreover, the campus is within easy reach of all important places in the city, accessible through the cities well organized Public Transport System.

WENLOCK HOSPITAL

We strive to improve health and well-being of our fellow beings. We cherish excellence and professionalism in the everyday things that make people's lives better. We recognize that all have a part to play in making ourselves, patients and our communities healthier.

Our Hospital has tie-up with Wenlock Hospital which is a renowned District hospital in Mangalore. Faculty from the Departments of Conservative Dentistry & Endodontics, Oral Surgery, Prosthodontics, Pedodontics and Orthodontics are posted on regular basis to provide integrated care for the needy.

SMOKE FREE CAMPUS

In order to provide a healthy environment that promotes the health, well-being and safety of the students, faculty and visitors, the campus has been made smoke free from 31st May, 2013.

CCTV

The College has installed Closed Circuit Television Cameras (CCTV) for the safety of staff, students and visitors and the protection of property and buildings. It is monitored on a continuous basis and the recordings are also maintained.

CONTINUING DENTAL EDUCATION- GYAN CELL

The Gyan cell of the institution conducts and promotes CDE programmes. The graduates and PGs through this programme are exposed to various researchers and to sharpen their knowledge and to keep abreast with the latest developments in the respective fields. All the Departments will be conducting a minimum of one CDE in an academic year.

CAMPUS ACTIVITIES

Orientation Day

The Orientation program is designed to guide and support new students as they begin their journey in the campus. During the program the students get themselves introduced to each other and the staff provides the necessary insight into the profession.

Freshers Day

It is a memorable day in the life of every fresher. The Freshers introduce themselves to the faculty and senior students. The freshers put up various performances like dancing, singing and skits to showcase their talents.

Mentorship Programme

The college has a mentorship programme for student support in academics and social life during their stay at the campus. Here the mentor and the mentee meet at regular intervals to discuss the problems faced by the students and are given guidance by the mentor.

Cultural Week

The College gives equal importance to academics and extra-curricular activities. It is conducted once in a year. All the students participate in various cultural activities like singing, dance, fashion show, mad ads, debate, Variety Entertainment, sketching, creative writing, flower arrangement and many more.

Sports Week

It is held over a week and includes different games like Chess, Carom, Throw ball, Basket Ball, Arm Wrestling, Volley Ball, Cricket, Foot Ball and athletics. It culminates on **Sports Day** where various track and field athletic events are conducted. The teams are divided according to respective years and along with an intern team, a post graduate team and a staff team compete against each other for the overall championship.

College Day

On this day a student is recognized for his achievements in academics, sports and cultural events. It also provides a platform for the institution to display its prowess and for the students to showcase their skills.

Festivities

The College celebrates various festivals with great pomp & joy. One among them is **Onam**, the rich cultural heritage of Kerala is presented in this celebration.

Graduation Day

This day is observed as a tradition to celebrate the transition from student to graduate and marking the beginning of an exciting new chapter in their life.

“The best way to find yourself is to lose yourself in the service of others.”

-Mahatma Gandhiji

SOCIAL IMPACT

A.J Institute of Dental Sciences takes great pride in providing preventive and curative services through various outreach programs for the benefit of rural residents. Thus dental care is made available even for the under privileged and inaccessible at their doorsteps.

SAHAYA

“SAHAYA” is a programme designed where oral health preventive and curative services are provided to various target groups like Anganawadi workers, Beedi workers, Self Help Groups, Tribals, inmates of Old Age Homes, Polics Personnel, Bus conductors and Auto rickshaw drivers, HIV infected children, Handicapped children, SC/ST Government Hostel inmates and School Children.

SHIKSHA

Linking Health and Education to change lives It is a program undertaken to provide health education for the maintenance and improvement of oral health to all the School Children of Mangalore Taluk wherein a team of Post Graduates and Staff provide health education using Audio-Visual Aids and Dental Models.

NSS

The NSS unit of our college aims at establishing a meaningful linkage between the campus and the community. The various initiatives undertaken by the NSS unit of AJIDS include Swachh Bharat Abhiyaan, Blood Donation Camps, Dental Check up and treatment camps, Village Adoption and various others.

Tobacco Intervention Initiative Centre

Tobacco intervention initiative (TII) centre, under the aegis of Department of Public Health Dentistry, A.J Institute of Dental Sciences was established in 2012. It is one of the very few centers in South India not only conducting Anti Tobacco Awareness Programs but having Active Tobacco Cessation Programs. "TII Campaigns for Tobacco Free Kids" is a program initiated in Schools of Mangalore. School Teachers and School Children are trained in tobacco control activities to make their school and its environment Tobacco Free. The main aim is to discourage the children from developing the habit. The overall goal is for a "Tobacco Free India" by helping People Quit Tobacco.

Dental Museum

Dental Museum has a collection of dental models and posters which inspires people to make healthy choices about oral health. It provides the public, especially children, with access to information about oral health.

Satellite Centers

The College strives to amplify the oral health care services at grass root levels. Hence three satellite centers are adopted at Shakthinagar, Perara, Kavour wherein free dental treatment is provided to the public.

Mobile Dental Van

A mobile dental van offers dental care to the public in inaccessible areas at their door step. The spacious interior and well placed, state of the art equipment allows to perform complex surgical and restorative procedures.
